

very sick now. Uncle Earl's folks are all sick excepting old Grandma. The Dr. says that she is too old to get it. It is the Flu. That they all have. The schools are closed. Tell your mama that I saw Mrs. Saunders and she says that she cannot come to your house for some time as she is going to keep house for some one while this wife goes to the Hospital for an operation. And after that she may come if you have no one at that time. It may be one or more months.

I am going down town now to get some butter for supper.

May be you can't read this lovely writing. Better ask papa and mama to bring you over and let you stay with me for a while and out of school for a time if you would like to come. Lovingly Grandma

Feb. 19/19 I want to Thank you for the pretty Valentine card that you sent me. it was very pretty.
